KEY FEATURES

Green Energy Twin Aluminium Motor

Perfect for large and open kitchens, Sirius twin motor hoods boast powerful 2000M3/H extraction to efficiently remove steam, heat, smoke, and odours. With four speeds options for tailored ventilation.

Extra Deep Model

An extra deep range hood is more effective in capturing and removing cooking odours and airborne particles, providing superior ventilation and a cleaner kitchen environment.

25mm Stainless Steel Baffle Filters

Baffle filters feature interlocking baffles for effective grease removal, promoting smooth airflow. They're easy to maintain, offer superior filtration with a deep pleat design, and dishwasher safe.

Powerful Extraction

With a twin motor this rangehood's impressive maximum airflow of 2000M3/H, quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

Dynamic Lighting

Sirius Rangehoods have a dynamic lighting system that can be adjusted from 2700 to 6500 kelvin to match other lighting in the room. Adjustable temperature, and dimmable. Maximum design flexibility.

Hand Crafted in Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.

4 Speed settings

Sirius Rangehoods offer 4 speed settings. Levels 1 to 3 for light to normal cooking and level 4 for smoky or intense cooking. Covering all your cooking needs.
